THE HYDRO-BLOK® SHOWER SYSTEM

HYDRO-BLOK® Shower Systems are a convenient, cost effective and easy way to build and fully customize a modern, elegant and 100% waterproof shower. Whether you are a Do-It-Your-selfer or contractor, HYDRO-BLOK products help make your next shower installation a breeze.

With HYDRO-BLOK's multiple drain and shower pan options along with our full range of accessories including benches, niches and building board for custom features, anyone can create a stunning custom shower easy and quickly.

- All HYDRO-BLOK foam components can be quickly and easily cut or customized with a utility knife, hand saw, or standard power saw.
- Applying HYDRO-BLOK joint sealant to all seams and screws creates your final waterproof shower system ready for tile, stone, or mosaic application.
- Tile or stone can be laid within 1 hour of completing your HYDRO-BLOK shower system installation.

THE HYDRO-BLOK® ADVANTAGE

HYDRO-BLOK®
The BETTER Shower System

	Traditional System*	Sheet Membrane System*
Install Pre-Formed Pan	1	0
Install Wallboard (wait 24hrs)	2	2
Apply Mortar Pre-slope (wait 24hrs)	0	1
Install Linear Final Slope	0	3
Apply Sheet or Liquid Membrane 1st Coat (wait 12hrs)	0	1
Install Banding or Seaming w. Thinset & Mesh	0	1
Install Corner Patches	0	0
Apply 2nd coat Liquid Membrane (wait 24hrs)	0	1
Total Installation Hours	3 HOURS	9 HOURS
Water Testing	IMMEDIATELY	24 HOURS
Set Time	1 HOUR	48 HOURS
	SAVE TIME & MONEY	6 HOURS
		24 HOURS
		24 HOURS

*Above time frames based on a typical 3'x 5' shower with 8' tall walls. No job site modifications needed. May not represent all situations

- Lightweight & extremely strong
- Ready to water test and install tile after one hour
- Foam components can be easily customized with simple tools
- Pre-Built niches and benches
- Building board for custom features

LOW-PROFILE SHOWER PANS

HYDRO-BLOK Low-Profile Shower Pans combines quality and ease with an industry-exclusive pan and drain design. Install with one of our shower curbs or together with the HYDRO-BLOK Sub Floor Lowering Kit to create an elegant and modern barrier-free shower entry.

- No tools or glue required for pipe connection
- Accommodates angled drain pipes up to 5 degrees.
- Flexibility for uncentered drain pipes up to $\frac{1}{4}$ " per side
- Lateral movement of drain cover to accommodate your tile layout
- Tile-in drain covers will accommodate tile thickness from $\frac{3}{16}$ " to $\frac{1}{2}$ "

Low-Profile Pan shown installed on concrete

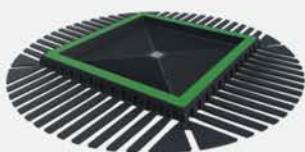

ALL shower pan installation components included

Low-Profile Pan shown installed with the HYDRO-BLOK Floor Lowering Kit - see page 13

NEW TILE-IN DRAIN COVER

Introducing our new tile-in cover, now included in all Low-Profile Shower Pan boxes. Both tile-in drain cover sizes— $\frac{1}{4}$ " and $\frac{3}{8}$ "—are included in every shower pan box.

Thin Tile - $\frac{3}{16}$ " to $\frac{5}{16}$ " thickness

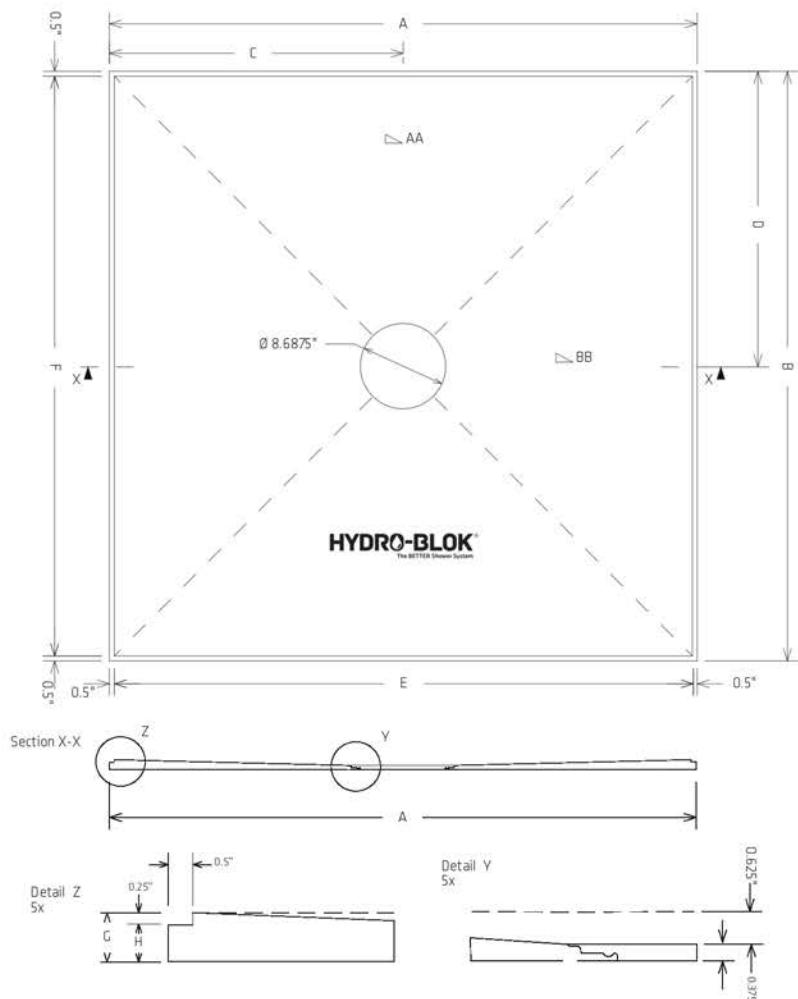

Thick Tile - $\frac{3}{8}$ " to $\frac{1}{2}$ " thickness

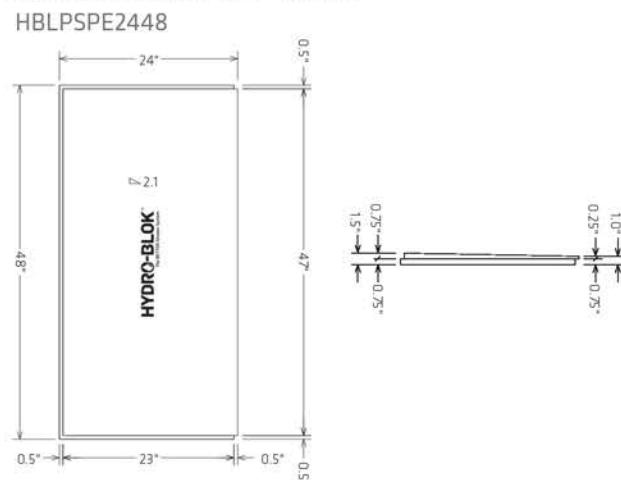

Grout over the frame for an easy, clean finish. Then remove the green grout ring once cured, and it's ready for use.

SINGLE SLOPE SHOWER PANS STANDARD AND THIN

Single Slope Shower Pans

Create a clean, minimalist, modern design for your shower

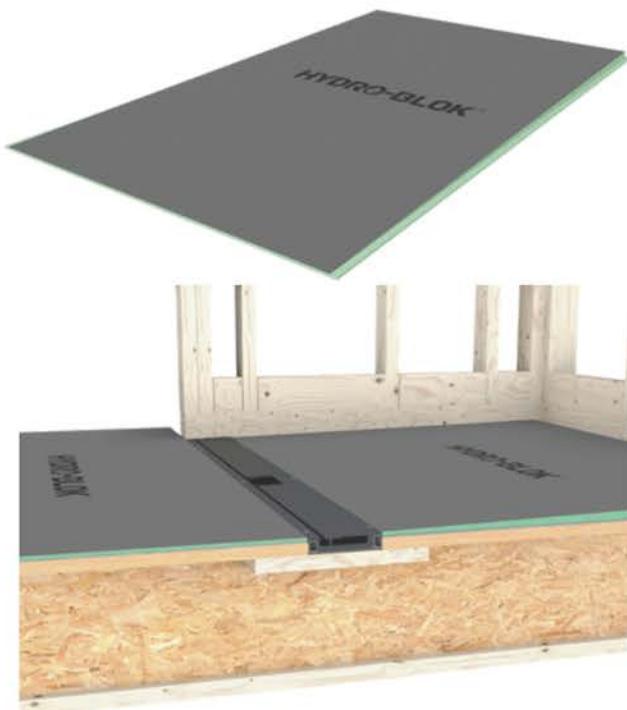

HYDRO-BLOK Single Slope shower pans together with the HYDRO-BLOK Linear Drain by Ebbe are your solution for a clean, modern appearance. The freedom to use any size of tile or stone on your shower pan allows for unique and creative designs with no visible drain cover on the shower floor.

THIN Single Slope Shower Pans

Build a curbless shower without lowering your subfloor

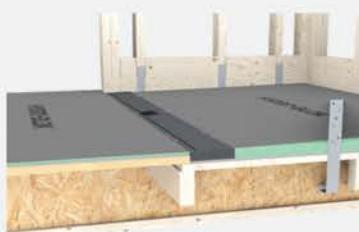

HYDRO-BLOK THIN Single Slope Shower Pans offer a flush entry shower solution with only limited subfloor reconstruction work needed and no floor joist re-structuring. They offer savings in time, cost and re-construction effort needed with no special engineering and structure changes needed.

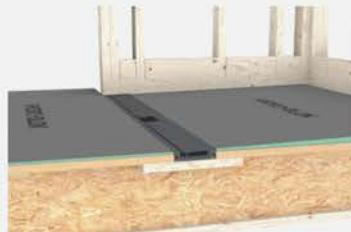

HYDRO-BLOK® Barrier-Free Installation Options

HYDRO-BLOK Thin Single Slope Shower Pans require only the drain area to be lowered to provide barrier free showers in new or renovation installations. HYDRO-BLOK Standard Single

Slope Shower Pans or our new Low-Profile Center Drain pans together with our Subfloor Lowering Kit (patent-pending) allow your entire shower area to be set up for a curbless installation.

SHOWER PAN EXTENSIONS

Whether you have a center drain or a linear drain shower pan, our side extensions are the perfect way to ensure your custom shower needs are met.

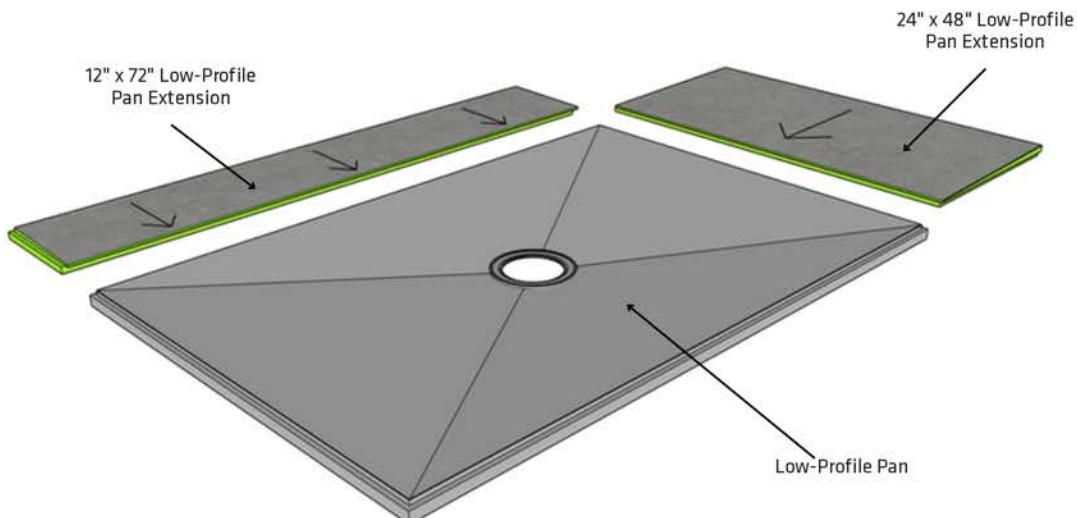

SINGLE SLOPE SHOWER PAN EXTENSIONS

Available for standard single slope and thin single slope pans.

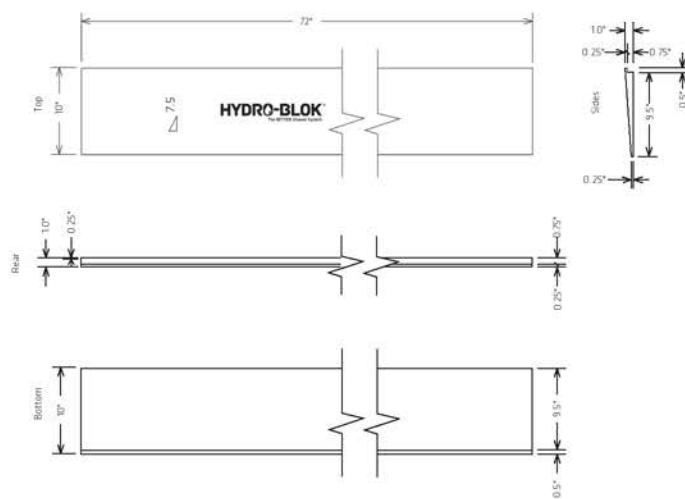

LOW-PROFILE SHOWER PAN EXTENSIONS

For extending any side of a Low-Profile shower pan.

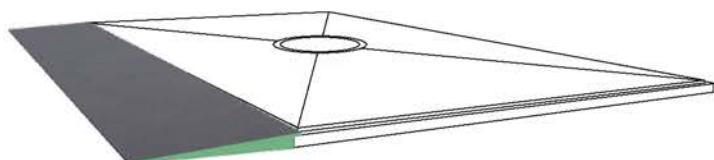

SHOWER RAMP FOR LOW-PROFILE SHOWER PANS

The HYDRO-BLOK EZ Access Shower Ramp is designed to allow easy no-barrier access into a shower. Starting at 1/8" and rising to match our Low-Profile shower pans, this ramp provides a smooth transition and entry into any of our showers.

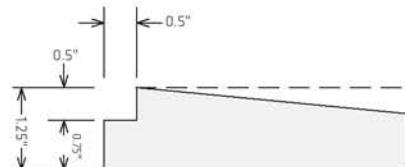

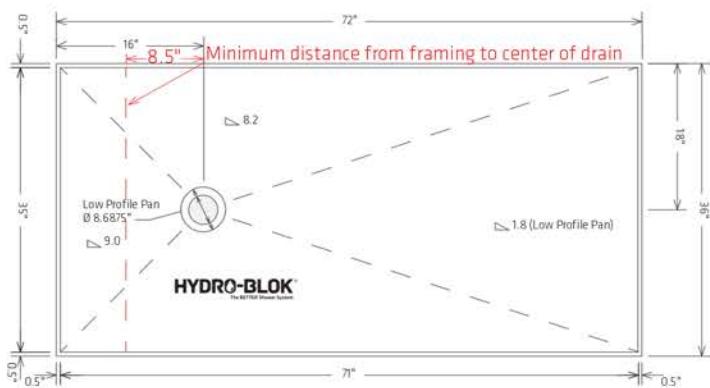

HBLPSR1072

TUB CONVERSIONS

LOW-PROFILE OFFSET DRAIN PANS

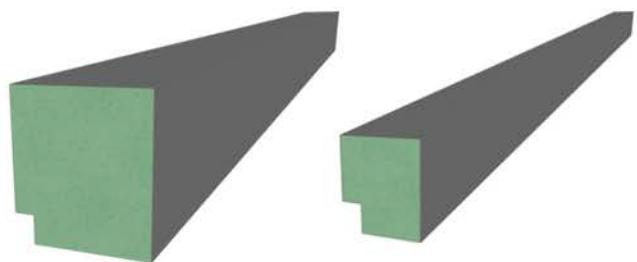

HYDRO-BLOK offset-drain shower pans are designed to make the conversion of a typical bathtub to a modern tiled shower as easy as possible. With a drain placed 16" from one end, these pans eliminate the need to make any plumbing alterations when installing a shower. The Shower Pans are easy to cut to size with simple tools or extend to fit your space using HYDRO-BLOK shower pan extensions. Offset-drain pans are available as a low-profile version allowing the possibility of modern barrier-free entry to your shower conversion.

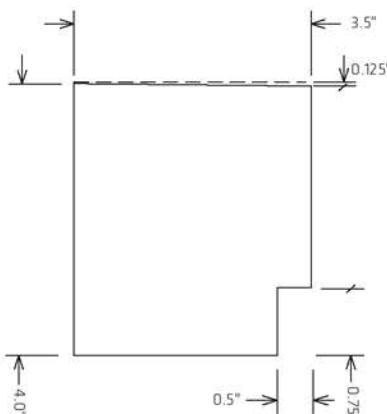

Low-Profile Offset-Drain Pan

SHOWER CURBS

HYDRO-BLOK shower curbs are available in both standard (4" tall) and mini (2.5" tall) sizes and feature high-quality construction with a 100% waterproof XPS foam core covered by fiberglass mesh for added strength, and then coated in our modified cement surface for setting your choice of tile, stone, glass or mosaics.

HYDRO-BLOK LINEAR DRAIN BY EBBE

Easy Barrier-Free Elegance

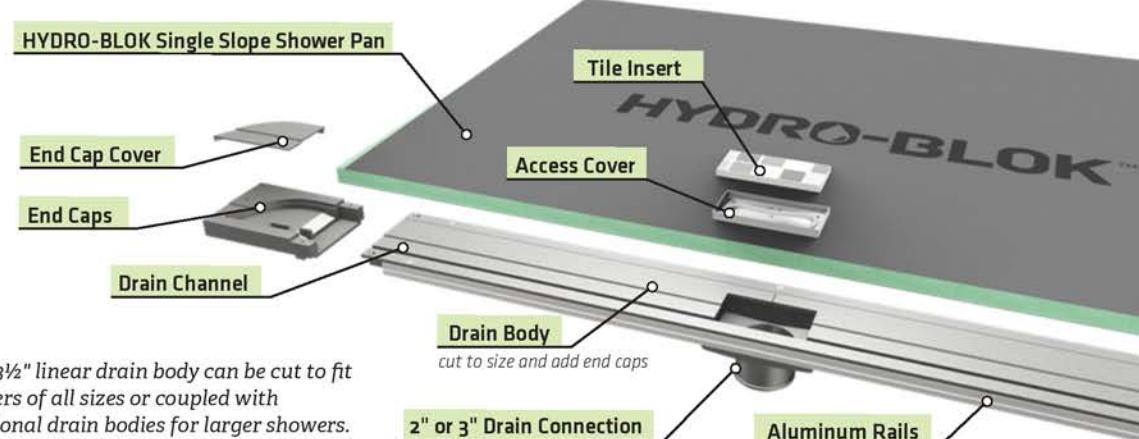

Have you dreamed of a luxurious open-concept shower that seamlessly transitions from your bathroom floor directly into your shower with no barrier or curb?

HYDRO-BLOK® Single Slope Shower Pans with the HYDRO-BLOK Linear Drain by ebbe and our all-new Low-Profile Center Drain Shower Pans are your solutions. The freedom to use any size of tile or stone on your shower pan allows for unique and creative designs and a modern, clean appearance with no metal drain cover visible on the shower floor.

The HYDRO-BLOK Linear Drain by ebbe can be placed anywhere in a shower as it is easily customized to fit any shower space or size for either residential or commercial installations. Take a look at the new era of shower designs and put yourself in a world of luxury and timeless elegance.

The HYDRO-BLOK Linear Drain by ebbe was designed & produced in partnership with ebbe America, a leader in the plumbing industry and known as an innovative manufacturer of floor drains and associated products.

The 73 1/2" linear drain body can be cut to fit showers of all sizes or coupled with additional drain bodies for larger showers.

LINEAR DRAIN ACCESSORIES

Linear Drain Access Tray
3/8", 1/4" or 1/2" Tile Thickness

HBLDAFT38 HBLDAFT14 HBLDAFT12
Allows for additional tile thicknesses when installing a linear drain (3/8" inc. with drain kit)

Linear Drain Body Coupler

HBLDCOUP
Join two or more drain bodies together to fit almost any size or space requirements.

Linear Drain Slot Extender Stick

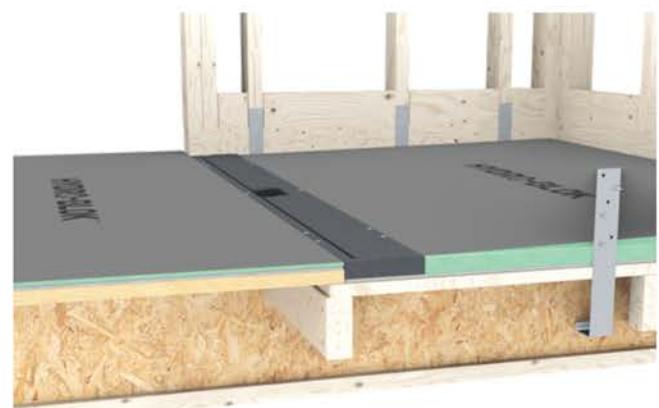

HBLDSLOTEXT
Extend the surface tile drainage gap up to 12" on one or both ends of the line drain.

SUBFLOOR LOWERING KIT

- One kit recesses up to 24 sq ft
- Perfect for I-Joists or dimensional lumber because brackets attach to the top chord of joists and studs at parallel walls
- Wall brackets can be modified for different situations
- Achieves L/360 or better deflection rating with a live load of 40 PSF and dead load of 20 PSF

Quickly and easily lower your subfloor for a low-profile, curbless ADA, or barrier free shower installation. A perfect compliment for HYDRO-BLOK Single Slope Shower Pans or the Low-Profile Center Drain Shower Pans.

LINEAR DRAIN INSTALLATION OPTIONS

IN-SIGHT TRIM KIT

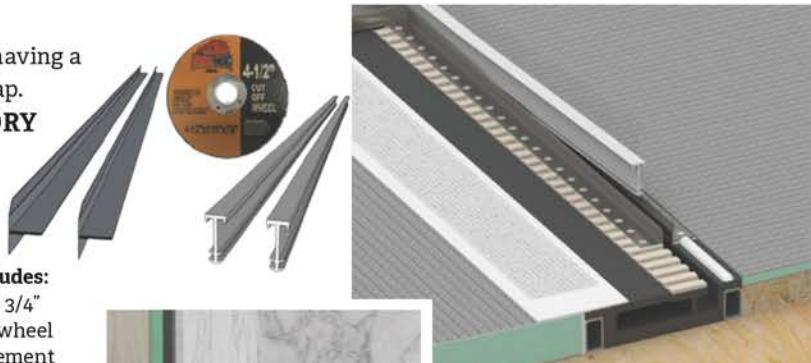

The HYDRO-BLOK IN-Sight Trim kit gives the option of having a metal finished edge along the length of the linear drain gap.

IMPORTANT: The IN-Sight Trim Kit is MANDATORY when your Linear Drain is located at the entry to your shower

TRIM KIT	SKU
3/8" IN-Sight Trim Kit	HBINSI38
1/4" IN-Sight Trim Kit	HBINSI14
1/2" IN-Sight Trim Kit	HBINSI12

In-Sight Trim Kit Includes:

- 2 pcs In-Sight trim 35 3/4" length
- Metal cut-off wheel
- Temporary gap spacement sticks

IN-SHADOW TRIM KIT

The HYDRO-BLOK IN-Shadow Trim kit allows for the installation of the drain so that the drain slot is 'hidden' under the vertical wall tile for a clean & modern look. Cleaning and maintenance remains easy thanks to the removable drain tray.

trim kit	sku
IN-Shadow Trim Kit	HBINSHADOW

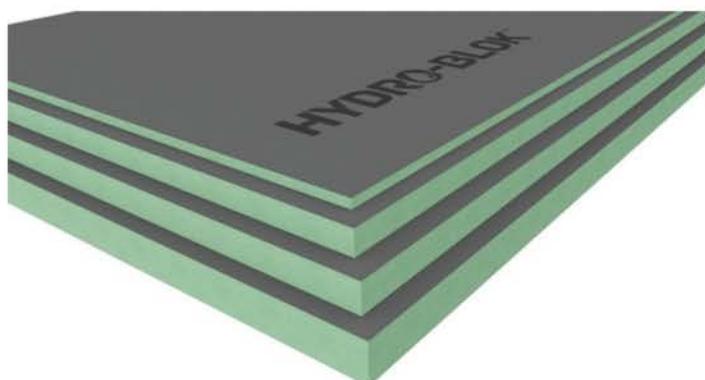

In-Shadow Trim Kit Includes:

- 2 pcs In-Shadow trim 35 3/4" length
- Metal cut-off wheel
- Temporary foam backer rod

WALLBOARD & BUILDING BOARD

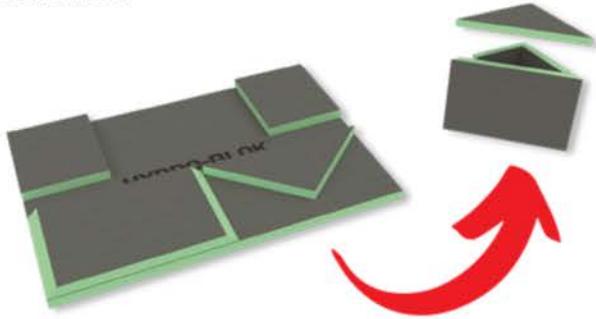

HYDRO-BLOK wallboard and building board products are built with the same high quality construction as the rest of our foam products with a 100% waterproof XPS foam core, covered by fiberglass mesh and then coated in a modified cement coating to provide superior strength and an excellent bonding surface for your tile, stone, glass or mosaics. All boards can be easily cut with a utility knife, hand saw or small circular saw. Building board is ideal for the construction of custom benches and other features. They can be custom cut to bend around inside or outside corners for creative and unique shower features.

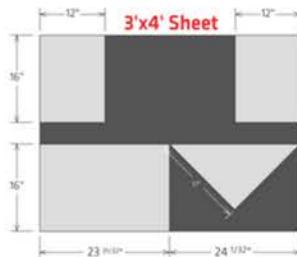

WALLBOARD & BUILDING BOARD *cont.*

BUILDING BOARD BENCHES

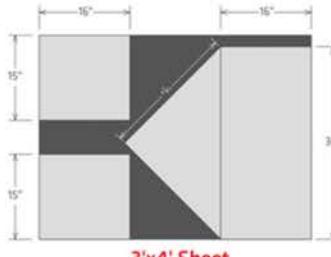

HYDRO-BLOK's 1 1/2" building board is now available in 3'x 4' sizing to make it easier than ever to add custom features in your new HYDRO-BLOK shower. Custom shower benches are in high demand and they are easier and more cost-effective than ever before with this new building board size. Add a space-saving corner bench in two sizes using only ONE sheet of HYDRO-BLOK 1 1/2" 3' x 4' building board or use two sheets to build a box-style shower bench

Medium Bench

Large Bench

Custom shower benches created with HYDRO-BLOK 2" building board with dual linear drains and floor insulation for a commercial steam room project.

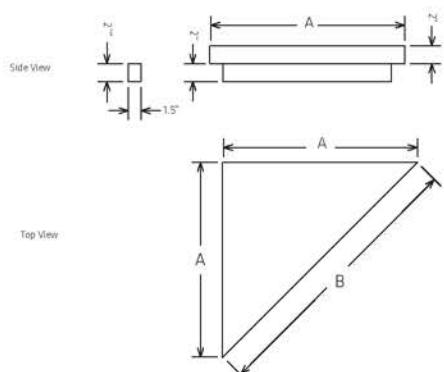

Our custom bench seats are created using high-quality 2-inch thick wallboard to create a comfortable and durable seating surface.
